### *A. Party Roles.*

1. To the extent Orion Processes Customer Personal Data in performance of the Services, the Parties agree that Customer is the Data Controller (or a Data Processor conveying direction on behalf of the ultimate Data Controller), and Orion is the Data Processor acting on behalf and at the direction of Customer.

Each party shall make reasonable efforts to identify the cause of a Personal Data Incident and take those steps as deemed necessary and reasonable in order to remediate the cause

of such Personal Data Incident, to the extent that the remediation is within such party's reasonable control. Orion's obligations set forth herein shall not apply to Personal Data Incidents that are caused directly or indirectly by Customer or a non-Orion Processor engaged by Customer.

## **VI. Retention, Return, and Deletion of Personal Data**

During the term of the Agreement, Orion will provide Customer with the capability to obtain a copy of Customer Personal Data Processed by Orion and in Orion's possession, as set forth in the Agreement. ## **VIII. Sub-Processors**

Customer authorizes and agrees that (a) Orion's Affiliates may be retained as Sub-Processors; and (b) Orion and Orion's Affiliates respectively may engage third-party Sub-Processors in connection with Orion's performance of the Agreement, each as detailed at <https://orion.com/subprocessors>.

1. If and to the extent Orion engages third-party Sub-Processors to Process Customer Personal Data on Orion's behalf, Orion will impose data protection terms on those Sub-Processors that provide at least the same level of protection for Personal Data as those in this DPA, to the extent applicable to the nature of the services provided by such Sub-Processors. Orion will remain responsible for each Sub-Processor's compliance with the obligations of this DPA and for any acts or omissions of such Sub-Processor that cause Orion to breach any of its obligations under this DPA, except as otherwise set forth in the Agreement.

2. Orion will provide electronic notification of a new third-party Sub-Processor to be engaged solely by Orion. Customer agrees to register at <https://orion.com/subprocessors> to receive any such electronic notifications and to review any updates. Customer may object to Orion's engagement of such new Sub-Processor by notifying Orion in writing within ten (10) business days after receipt of Orion's notification. In the event Customer objects to a new Sub-Processor, the parties will work in good faith with a view to achieving a commercially reasonable resolution. If no such resolution can be reached, Orion will, at its sole discretion, choose to either not appoint the new Sub-Processor, or permit Customer to suspend or terminate the affected portion of the Services to be performed by such new Sub-Processor

with respect only to those aspects which cannot be provided by Orion without the use of the objected-to new Sub-Processor by providing written notice to Orion.

3. Notwithstanding anything herein to the contrary, Orion shall not be responsible for Customer Engaged Processors or other third-party Processors engaged by Customer, and the Customer is solely responsible for ensuring such Customer Engaged Processors and third-party Processors comply with applicable Data Protection Laws.

C. Customer represents and warrants that Authorized Affiliates may access Customer Personal Data, and any instructions received from Authorized Affiliates will be treated by Orion as if they come from Customer, except in such case as Orion receives potentially contradictory instructions from Customer and Authorized Affiliate, in which case Orion will implement instructions from Customer.
