Why Ascent

The industry's flagship stage

Ascent is Orion's annual flagship conference, purpose-built for RIAs, dually registered firms, broker-dealers, trust companies, and strategic partners. More than 820 firms joined in 2026 — from leading RIA custodians and top-tier asset managers to fintech innovators — for world-class keynotes, high-impact education, role-based community groups, and a buzzing exhibit hall with 100+ sponsors. Michael Kitces named it one of the best conferences for financial advisors.

Why advisors attend

To connect — with peers, partners, and purpose — sharing ideas, building community, and finding inspiration in how others personalize advice and scale their impact. And to learn — not only from Orion, but through direct access to you: the ecosystem of partners helping advisors operate more efficiently and serve clients more meaningfully.

Why your firm should be there

Ascent puts your brand in front of a powerful cross-section of the industry — from solo advisors to national-scale RIAs, banks, and trust companies, with firm sizes ranging from under \$100M to \$5B+ in AUM. These are growth-focused, technology-forward decision-makers looking to deepen client relationships and expand their impact — exactly the audience your firm wants to reach.
